

KNOBS COMPATIBILITY GUIDE

This guide can be utilized to cross reference Same Sky's [plastic knobs](#) that are compatible with our range of [rotary potentiometers](#) and [panel mount incremental encoders](#) featuring 6 mm diameter D-cut shafts.

While using this tool, you are responsible for evaluating, designing, validating, and testing any selected components to ensure they meet your application requirements. Please review datasheets and specifications to ensure compatibility with your application.

X in table = compatible shaft height for selected knob

Same Sky Knob Part Number	Shaft Depth	Shaft Diameter	Shaft Style	Indicator	Shaft Height Measurement (Ø6 mm D-Shaft)								
					4	5	6	7	8	10	11	12	
SPK-001A	11.45	6 x 4.5	Ribbed	Yes						X	X	X	X
SPK-001B	11.45	6 x 4.5	Ribbed	Yes						X	X	X	X
